

## 2級 Topic Card #1

**A New Way to Operate**

Until recently, patients needed to go to a large hospital to undergo many kinds of surgery. This is a problem for some patients in rural areas. One solution to this problem is to use robots that can be operated by doctors who are far away. Now, some companies are developing these robots, and by doing so they are helping patients in remote areas.

Your story should begin with this sentence : **One day, Mr. and Mrs. Yamamoto were talking at home.**
